VI. Subcommittee Reports 700 MHz Plan Update

A. 700 MHz Plan Update Standing Subcommittee

Mr. Bradshaw and Mr. Imeson spoke with Brad Stoddard regarding the proposal to amend the Region 21 Plan to protect certain 700 interoperable channels for mobile use and allow fixed repeaters on others. The Eaton County proposal for fixed repeaters was discussed, as was removal of any mention of the Interoperability Board from the Plan, as they are and advisory group, not a technical review committee. Fixed repeater applicants will need to survey surrounding counties to ascertain what they are using for direct.

Mr. Stoddard was asked for a formal letter stating SIGB's concurrence. Language needs to be developed for the Plan to protect the channels, and the plan reopened. Language suggestions should be sent to Mr. Bradshaw prior to the January meeting, at which time the Committee will discuss opening the Plan and setting a date for the public hearing.
