

B. New Applications

1. **State of IN – Fort Wayne**

Indiana is experiencing coverage issues at the border, due to directional antennae, and want to change to omni-directional. There are adjacent and c0-channel issues with the MPSCS in Branch, Hillsdale and Lenanwee Counties, which Ms. Henning stated could be exacerbated when Lenawee adds sites and move to simulcast. Additionally, some emission designators are analog, without explanation. The committee concurred that more information is required before consideration. Mr. Bradshaw will advise the applicant. channels as other years.

2. **Other** – No other new applications
